

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF NEW YORK

-----X
GRACE GIBBONS,

Plaintiff,

-against-

NEW YORK STATE UNIFIED COURT SYSTEM,
et al.,

Defendants.

-----X
LINDSAY, Magistrate Judge:

Before the court is the defendants' letter application seeking permission to take the plaintiff's deposition in January conditioned on the parties' agreement not to seek judicial relief as to any discovery related issue that may arise at the deposition or an extension of the March trial date before Judge Feuerstein. Although the discovery deadline in this matter was November 8, 2010, and the final conference was held on December 20, 2010, it is clear that very little discovery has been conducted. Accordingly, the application is granted, as unopposed.
